

Thanks for making Athletic Decals your supplier of helmet decals and decal products.

This is our current price list effective JANUARY 1, 2015. Our hours of operation are Monday through Friday, 8am-5pm CST. Please call if you have any questions or suggestions on how we can serve you better. We welcome your input.

ADI was founded 16 years ago with the goal to provide the best decals and service possible. We chose to work, for the most part, through dealers like you and the relationships you have formed with your customers. You are a large part of our success.

ADI Is different than many decal suppliers currently in the market. Our goal is not to sell the cheapest product, but to supply you with a decal product that will best meet your customers' needs. We use the highest guality materials available, and tailor each decal with the best vinyl, laminate, and printing method combination that will give your customer the best decal available. Our production processes and controls are held to much tighter tolerances than other decal companies. This ensures that our registration and colors are consistent run to run, season to season. Lastly, to make your job easier, each decal bears your company name and an individual part number. This part number identifies your product in our work order system - simply call with that part number and we can pull up all your reorder information.

Our reputation and customer list speaks for itself. We are currently the official licensee to the NFL for on-field helmet decals, as well as providing the league itself with specialty helmet products. We also provide decals to the CFL, AFL, NHL, and over half of all NCAA BCS (Division 1) schools.

EARLY ORDER PROGRAMS

Early Order Discount – 15% discount on any football decal order placed between January 1st and April 30th. Take delivery any time prior to August 15th to receive your discount.

CATALOG PAGE 7 - X-D DECALS

Printed digitally on our white helmet decal material- 16 mil thick. Die cut to shape. Because of the print requirements that we have, we are generally not able to print on clear material. Also, there may be some size and color constraints. Send us your flat artwork and we will convert it to X-D and send you an e-proof back. This is the best digitally printed decal available! For ART INSTRUCTIONS Please refer to page 2.
